

CONCRETE MIXER - E 350D

For Mixing of Concrete

KAMA HONDA Electrical

DESCRIPTION

A heavy duty, large capacity site mixer, with all the common features that a professional builder needs. Designed and manufactured with high performance and durability in mind the E 350D is ideal for continuous use on large sites.

- Heavy duty and robust chassis designed to withstand the worst site condition.
- Loads and tips either side for fast operation.
- Foot operated tip lock and large tip wheel for added safety and control with large mixes.
- Lockable 'stay cool' engine compartment for security and 'lid down' operation.
- Large wheels, draw bar and steering axle for easy maneuverability on site.
- Standard Unit Comes with Cyclone Filter

FOOT LEVER

LARGE HEAVY DUTY HAND WHEEL

TOW BAR

SPECIFICATION

Model	Part No.	Engine / Motor Power (Hp) - (kW)	Max. Drum Capacity (Ltr)	Max. Mixing Capacity (Ltr)	Drum Speed (rpm)	Width (mm)	Height (mm)	Length (mm)	Weight (Kg)
